NOTHING FOR BROWN TO DO

Only Minor Matters Came Up, and Those Were Wife's Privilege to Deal With.

Col. J. J. Irish, who is a strong antisuffragist, said in San Francisco: "The recent elections show plainly the unpopularity of woman suffrage. I think the voters were wise. There are enough husbands already in Brown's boots."

"Brown and Black," continued Colonel Irish, "were arguing at their club on the question as to who should be at the head of the house—the man or the woman."

"I'm the breadwinner," Black said firmly, "and, therefore, I rule in my house."

"Well," said Brown, "before we were married my wife and I made an agreement that I should make the rulings in all the major things, and she in all the minor ones."

"Brown smiled wanly. 'So far,' he replied, 'no major matters have come up.'—Exchange.

Pat's Sound Logic.

Pat was fishing in a river belonging to a rich man, over which there was a notice, "Trespassers prosecuted." Paddy ignored this statement, and after fishing for some time caught a salmon, which he brought home and cooked. A policeman passing by the door smelled the salmon and knocked.

"Well, Pat O'Hara, in whose river did you catch that salmon?"

"Well, I'll tell the honest truth. I caught it in that river near the gentleman's house over there."

"Well," said the sergeant, "don't you know everything in that river belongs to that gentleman?"

"Arrah, to be sure," said Pat. "If I went for a swim in that river would I belong to that gentleman?"

Quite Different.

"What is meant by the odor of sanctity, father?"

"I don't exactly know, my son, but you may be sure it isn't anything like the odors that float over to Riverside drive from the glue factories in Jersey."

THE INCOME TAX IS CONSTITUTIONAL

SUPREME COURT IN UNANIMOUS DECISION SWEEPS AWAY CONTENTION.

WANT MORE FROM BIG ONES

Opens Way For Increasing Tax on Great Incomes to Help Pay for National Defense.

Washington.—The income tax has been declared constitutional by the supreme court in unanimous decision which swept aside every contention raised against it and, in the opinion of congressional leaders opened the way for increasing the tax rate on great fortunes to help pay for national defense.

Proposals are pending in Congress to tax incomes more than \$1,000,000 as high as 50 per cent. Leaders on all sides agree that outside of the impetus which the decision today will give such proposals is likely to come a definite movement to levy on the revenues from great private fortunes for some of the millions the government must raise to carry out the army and navy increases.

"The supreme court's decision has absolutely unfettered the income tax as a source of revenue," said Representative Hull of Tennessee, author of the law. "All doubt is removed and congress is left much freer to act. I believe congress will take advantage of the opportunity to amend the law materially. Without any unusual or unjust charges it can be made to yield \$185,000,000 to \$195,000,000 a year, as against \$85,000,000 or \$90,000,000 at present."

Representative Hull is preparing amendments to carry the tax to incomes below \$1,800 and make graded increases in the surtaxes on incomes exceeding \$20,000 a year.

So far, the problem of raising the revenue for national defense, although approached from many angles, has not been carried toward any definite solution, because with the constitutionality of the income tax undecided administration leaders were reluctant to place too much dependency on it.

In its decision the supreme court construed for the first time the Sixteenth Amendment to the Constitution under which the tax is levied and gave it the broadest interpretation possible, rejecting suggestions to confine its scope to narrow limits.

The decision was announced by Chief Justice White and was rendered in the appeal of Frank R. Brushaber from the action of the New York Federal court.

EXPLOSION KILLS FOUR.

Several Are Missing. Others Are Injured at Buffalo.

Buffalo.—Four persons are known to have been killed, several are missing and four were injured in an explosion that wrecked the plant of the Kelker Blower Company, manufacturers of planing-mill exhausts and ventilators.

Charles Kelker, head of the firm, said that from 22 to 25 employees were in the plant and that 21 of them had been accounted for. Mrs. Helen Kelker, his wife, had both legs blown off and probably will die.

The building occupied by the firm was a long two-story frame structure. The explosion demolished all the walls letting the roof down on the ruins which caught fire. Pieces of the foundation were thrown hundreds of feet and the concussion smashed nearly every window glass within the radius of a block.

"Pure Advertising" For Virginia.

Richmond, Va.—The lower branch of the Virginia General Assembly passed the "pure advertising" bill which makes it a misdemeanor for any person, firm or corporation to publish a deceptive or misleading advertisement and provides for this offense a fine of from \$25 to \$250, or confinement in jail of from 10 to 60 days or both.

Asks Americans to Behave.

El Paso, Tex.—Gen. Gabriel Gavira, commandant of the Carranza garrison at Juarez, presented to the military authorities here a request that a United States soldier named Harrison be punished for having fired on and wounded a Mexican civilian. At the same time representations to Z. L. Cobb, United States customs collector here, were made that American cattle thieves were stealing cattle from Mexicans south of the border. A demand was made that they be apprehended and punished.

Armed Merchantmen A Problem.

Washington.—Arrival of the Italian steamship Verona in New York with two guns mounted at her stern probably will result in the Austro-Hungarian government taking up diplomatically with the United States all the broad questions involved in the arming of merchant ships for defensive purposes. It was indicated that Baron Erich Zweidinek, charge of the Austro-Hungarian embassy here would inform his government promptly of the arrival of the Verona, if he had not already done so.
